To Whom it May Concern:

On behalf of the Second Judicial District Court, I am reaching out to you regarding an APD DWI citation that was issued to Antonio Barron. Antonio Barron is a former employee with the Court and notified us that he was charged with driving while under the influence on around August 24 or 25, 2023. We did not question or conduct any sort of internal investigation however, we have been alerted that there may be questionable conduct by the arresting/citation officer. More specifically, that the arresting/citation officer put Mr. Barron in contact with a specific attorney, possibly named "Rick," who if hired, would ensure that no court case would be filed in court by APD.

While we do not have first-hand knowledge of what communications and actions have taken place, we are reporting this information out of concern.

Sincerely,

A handwritten signature in blue ink, appearing to read "Katina Watson". The signature is stylized and fluid.

Katina Watson
Court Executive Officer
